

AMERICAN PERC-RITE®

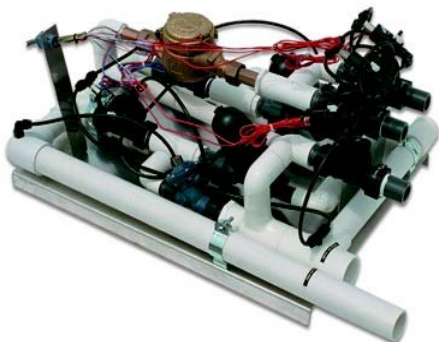

**Wash Down Filters
WD Series**

Wash Down Filter Systems automatically remove contaminants from the surface of the filter, substantially increasing the time between service events in secondary effluent dispersal systems.

PERC-RITE® Drip Dispersal

***NEW NORTH CAROLINA APPROVAL
NEW AMERICAN PRODUCTS***

**Fully Automatic Filtration
ASD Series**

For Septic or Secondary Effluent water quality, automatic systems are self maintaining and can go years without servicing. Filters are fully cleaned at the beginning and during each dose cycle.
